A repreſentation of a Tree of Iron, or Mars, a ſpecies of chemical vegetation — 361
A repreſentation of the ſix principal ſpecies of Spiders — — — — — 371

Peace, Heaven's fair Offspring! our end and aim?!
Good, Pleasure, Ease, Content, what e'er thy Name?.

That something still which prompts th'eternal Sigh?.
For which we bear to live or dare to die?:
By thee Justice her equal Scale displays
And Rights both Human and Divine she weighs. Pope.
